

LITHIUM-ION BATTERY RECYCLING PRIZE

U.S. DEPARTMENT OF ENERGY

Team Name: Rv Chef

A Public Document

Primary Submitter: Chun Liu

City and State: 97 Kingsgate Rd Apt I-21, Lake Oswego, Oregon, 97035

Member Names: Chun Liu, USPS

Submission Title: LIB Drive

Submission Track: collection

Abstract: (<100 Word)

“Food Drive” is very successful. With USPS support, put a yellow plastic bag in every mail box, and a few days later, pick up full bags of food. Inspired by “Food Drive”, our “LIB drive”, by using USPS service, put a green plastic bag and an instruction in every mailbox across country once a year. That is the cheapest, most efficient way to collect used Lithium-ion batteries with the greatest coverage.
