

SOLAR MINITOWER

Solar Canopy
 96 Panels / 72 Solar Cells Each
 1 canopy - 6,912 total solar cells

Solar MiniTower
 Equivalent to 82.29 Panels
 1 tower - 5,925 total solar cells
 (3 PV Cell Stacking)

	SOLAR MINITOWER	Solar Canopy
Number of Cells Per Tube/Panel	237 cells per 6' long/12" diameter wide tube (approx. 3.29 solar panels per tube)	72 Cells per commercial solar panel
Number of Solar Panels	Equivalent to 82.29 solar panels (6'x6'x6') solar tower would contain approx. 25 tubes	One canopy above contains 96 panels
Total Solar Cells	5,925 solar cells	6,912 solar cells
Installation Costs	A few thousand \$ - Simple flat slab install	Approx. \$200,000-\$300,000 per canopy
