

PV Robotics™ Floating Solar Installation

MASSIVELY ACCELERATING PV GROWTH FOR CLIMATE ACTION

- ✓ “Mobile Factory” PV Array Construction/Installation
 - ✓ Over 10x Current Speed for #RealClimateAction
 - ✓ Up to 2MW Solar Installed per Day per Team & System
- ✓ High-wage PV Jobs for the 21st Century
 - ✓ Essential w/Full Employment Economy (post-COVID)
- ✓ Floating “Tracking” PV Breakthrough
 - ✓ Panels & Wiring well off the water for longer life
 - ✓ Wave-Immune Submerged Array-Section Floats
 - ✓ Dramatically Lower Floating PV Installation Cost
 - ✓ Exceeds DOE #SunShot2030 Goals
 - ✓ Patent Claims Examiner Approved, Issued Soon
- ✓ Expert Industry/University Team Involved
 - ✓ Current & Retired Solar Exec Support
 - ✓ Significant PV Developer Connections Made
 - ✓ University R&D Experts Fully Engaged

Floating System Pre-Designs

***Extremely Rapid Floating PV Growth
For #RealClimateAction***
