

Project Title: Engineered Lithium-Ion Sieve Technology (E-LIST) for Direct Lithium Extraction and Lithium Hydroxide Production

Developing innovative and sustainable resource recovery technologies

Link: <https://youtu.be/iJ7oRH6f6Dc>

Key project members:

York R. Smith, University of Utah, york.smith@utah.edu

Greeshma Gadikota, Cornell University, gg464@cornell.edu

Michael A. McKibben, University of California, Riverside, michael.mckibben@ucr.edu

John McLennan, University of Utah, jmclennan@egi.utah.edu

Key words: equipment and technology focus

Salt Lake City, UT
