

# Values Aligned PPA (VAPPA)

---

A PPA designed to boost sales and solve working capital needs for domestic solar panel manufacturers.

- VAPPA is a Power Purchase Agreement only available for projects using panels made by domestic manufacturers
- Production and warranty risks are transferred from solar customers to values aligned impact investors
- Upfront payment to domestic panel manufacturer is made upon PPA contract signing, not panel delivery
- Unique business model and financing innovation to stimulate demand and strengthen domestic panel manufacturing
